# The Sanctuary

The historic Sanctuary is the heart of our Church business. Beautifully modernised in 2010 it provides a flexible space for performance, rehearsal, conferences and public meetings. With twin rear projection screens and Barco wireless system there is nothing historic about our AV facilities. We also have a 32 channel mixer, HK and EV PA system which can be hired.

We have the facility to both record and livestream events. For acoustic performance the acoustics are universally admired. Our three manual Allen organ is available by arrangement to suitably qualified organists.
