The Sanctuary

The historic Sanctuary is the heart of our Church and our events business. Beautifully modernised in 2010 it provides a flexible space for performance, rehearsal, conferences and public meetings. With twin rear projection screens, a 32 channel digital mixer, HK and EV PA system and LED stage lighting there is nothing historic about our AV facilities.

We have the facility to both record and stream events. For acoustic performance the acoustics are universally admired. Our three manual Allen organ is available by arrangement to suitably qualified organists.

There is a piano in the hall and AV facilities including HD projection, PA and portable staging can be booked separately.
